Coffee Maker Type	Espresso Machine

About this item

- **BREW BY THE CUP OR CARAFE:** Brews both K-Cup pods and coffee grounds.
- **MULTISTREAM TECHNOLOGY:** Saturates the grounds evenly to extract full flavor and aroma in every cup, hot or cold.
- **BREW OVER ICE:** Adjusts temperature for maximum flavor and less ice melt for single-cup iced coffees and teas.
- **STRONG BREW & EXTRA HOT FUNCTIONALITY:** Brews a stronger, more intense-flavored cup and the extra hot feature brews a hotter single cup.
- **MULTIPLE BREW SIZES:** Brew 6, 8, 10, or 12oz single cups or 6, 8, 10, or 12-cup carafes. 12-cup glass carafe specially designed to limit dripping.
- **ONE 72OZ RESERVOIR:** The extra-large, removable reservoir is shared by both sides for fast, convenient brewing with fewer refills.
- **FRONT-FACING CONTROL PANEL:** Intuitive interface for selecting all your brewing preferences.
- **PROGRAMMABLE CARAFE AUTO BREW:** Set a time for your coffee maker to automatically brew a carafe up to 24 hours in advance.
- **COMPACT DESIGN:** The versatility of two kinds of brewers in one space-saving unit.
- **PAUSE & POUR:** Automatically pauses your coffee maker mid-brew for 20 seconds, allowing the carafe to be poured.
